

The aims of our school

Our commitment

We will continually strive to improve the learning experiences of the children, the professional development of the staff and the opportunities for liaison with our community.

Our aims

1. To give children an equal opportunity in all areas of school life regardless of ability, age, gender, race or religion.
2. To teach all areas of the curriculum at the highest level as appropriate for each individual child.
3. To provide a happy, safe and caring environment in which all children feel secure.
4. To provide an environment that stimulates curiosity, develops imagination and gives opportunities for investigative learning.
5. To develop our home/school links and those with the local and wider community.
6. To nurture independence and responsibility in children in preparation for the next step of their education.
7. To develop self- esteem in children and pride in their personal achievements and those of their peers.
8. To establish and encourage positive relationships between children in order that they work and play co-operatively.
9. To develop children's spiritual, moral, social and cultural awareness leading to an understanding of the world in which they live.
10. To equip children with the knowledge and attitudes necessary to become responsible citizens.
